

Report on “How to Do Successful SSIP Project” awareness program organized by SSIP Cell G. P. Waghai on 11/02/2020

“A Session on How to Do Successful SSIP Project”

In accordance with the Student Startup and Innovation Policy (SSIP) developed by the Education Department, Government of Gujarat and funded by the MHRD, the Government Polytechnic, Waghai-Dang hosted an online webinar on “**How to Do Successful SSIP Project**” under the guidance of **Proff. Nayan Soni**, *Assistant Professor in Civil Engineering department, Shantilal shah Engineering College, Bhavnagar (GEC), Gujarat* for inculcating the awareness about *How to Do Successful SSIP Project*.

On the 28th of January, 2021, an online webinar was held at the Government Polytechnic in Waghai-Dang from 3:00 p.m. until 04:00 p.m. Our Institute's students and faculty were the intended audience. The seminar was attended by around 175 students as well as academic members from all departments.

Proff. Nayan Soni, *Assistant Professor in Civil Engineering department, Shantilal shah Engineering College, Bhavnagar (GEC), (Gujarat)* was invited for conducting this Online Webinar talk. **Mr. Akin. A. Patel**, *SSIP Co-coordinator* welcomed the dignitary and addressed the students and motivating them about for SSIP Project.

Proff. Nayan Soni was the session's guest speaker. He began his speech by emphasising the importance of the Project. He also went over the fundamentals of the SSIP project. Furthermore, he explained the function of the project for innovations and entrepreneurs using very good examples, and he showed online videos based on successful tales from the SSIP project. At the end, he briefly described alternative mechanisms for the SSIP project. The workshop was extremely beneficial to pupils since it made them aware of the significance of the SSIP project. The seminar concluded with a dialogue between the speaker and the current students and faculty.

About the Webinar:

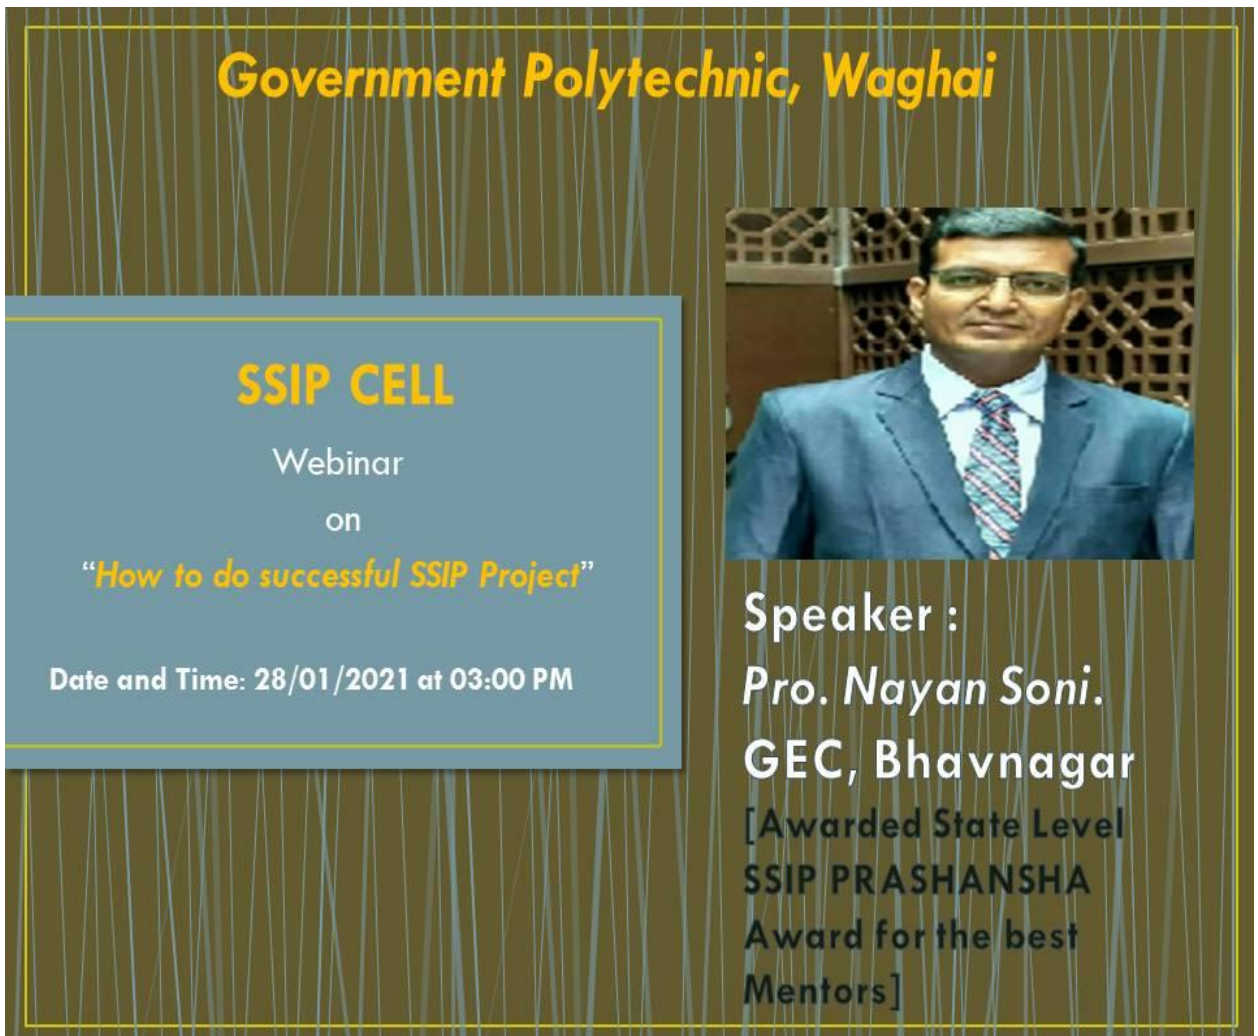

Proff. Nayan Soni, *Assistant Professor in Civil Engineering department, Shantilal shah Engineering College, Bhavnagar (GEC), Gujarat* was addressing the students about Student Startup and Innovation Policy Outreach Activities (SSIP). He began his presentation by discussing the details of startups and the SSIP Project. He also discussed the significance of idea-driven innovation and startup projects. He displayed many start-ups found by Gujarat Technological University students as well as around the world with very good examples and shown videos based on successful stories of the SSIP project during his presentation of the ideas-based startup project. With the help of the SSIP Project, students were strongly pushed to turn

any unique ideas into enterprises.

Initiatives to support innovation by the Gujarat government and Gujarat Technological University. Relevant questions are being asked by students and faculty representatives. The speaker provided them with well-founded responses. The exchanges were quite relevant and meaningful. This expert explanation would be beneficial to the audience. At the conclusion of the workshop, there was great interaction between the students and Proff Nayan Soni, and a few students inquired about future guidance for startups and the SSIP Project.

Finally, the expert discussion was extremely beneficial and pertinent to the students and faculty members. The SSIP Cell will make every effort to schedule this type of expert discussion at regular intervals so that students can develop holistically. We also thank our Honorable Principal, Mr. Ketan.D. Patel, for motivating pupils to participate in the SSIP Project. Mr. Chandrashekhar.L. Gamit, SSIP Co-Coordinator Mr. Akin.A. Patel, and Institute SSIP Committee Members organised the expert talk.
